

Dear Parent/Carer

As you know here at Monkspath, we place a strong emphasis on home-school relationships and how we develop and build the “whole child” in partnership with you. I wanted to remind you of some of the ways you can find out more about what we are doing.

Our school website can be found at www.monkspathschool.co.uk and it contains a wealth of information that we hope you will find useful. Here you will find the school prospectus, key policies, curriculum information for each year group, up to date information on the school uniform, key dates of the diary, an online calendar and links to recent newsletters. You can also find information about the PTA and our school clubs, including holiday club and much more. Check it out now! If you click on the ‘Our School’ tab at the top of the page and then click on ‘Curriculum’ you will find links to Key Stage parent booklets and current presentations such as the KS1 Phonics Presentation. You can also download the diary into your own electronic calendar.

Our school YouTube channel can be accessed straight from our school website by clicking on the YouTube icon at the top of the page on the left hand side. Our YouTube Channel is growing and currently contains some of our own narrated school presentations and also links to videos that we think may be useful to you.

Listed below are the whole school presentations that that we have converted to video and narrated so you can watch at home and share with those family members who are unable to attend a particular presentation evening in school. Have you seen them yet?

- Assessment without levels (Assessment at Monkspath)
- Living with Technology (E-safety)
- Resilience at Monkspath
- Maths at Monkspath
- English at Monkspath

Our school Facebook page can be accessed from the Facebook icon on our school website, again on the top left hand side or by searching for us at ‘Monkspath School – official’. Please note that any page other than this is not an official page of the school. Our page contains information that you might find useful including photographs, school events, calendar dates and various other event details. Get friends and family members to follow us and help us spread the word and the great work that happens here at Monkspath.

Twitter is another quick and fun way of finding out what we are up to at Monkspath. Follow us on twitter at **@MonkspathSchool** for regular photographs and short tweets about events and exciting news at Monkspath. Get other friends and family members to follow us and they can also see some of the fun and exciting things that we get up to.

Social media and websites are a great and fun way to communicate and here at Monkspath we really try to involve you and the children in spreading the news about the hard work and fun that we have at school. I would like to remind parents and carers that we all have a duty to use social media sensibly and that if you ever wish to speak to a member of staff regarding any aspect of school life please contact the school office directly. If you have any feedback on how we can improve any of the Channels or if something is missing then please do let us know.

Many thanks.

Mr Hogarth
