

Year 6

Curriculum Overview

Summer 1

Monkspath School

Year 6 Curriculum Overview Summer 1

This is a brief overview of the curriculum that will be taught in Year 6 this half term. There will be daily literacy and numeracy lessons which may include cross-curricular learning. The other subjects are taught in a more fluid manner in order to make as many purposeful links as possible.

On occasions, some elements of this curriculum plan may be adapted to meet the needs and interests of the children.

The first half of the summer term is very focussed on preparing the children for their Sats, it will be spent revising and ensuring that your children feel confident and well prepared.

We will also be involved in as much sporting activity as possible this will include 'Healthy Weeks' which will run in the two weeks following SATS test week.

Topic	Moving on Up (Summer 1)
Literacy	<u>Non Fiction</u> : Persuasive writing, adverts, letters, explanation texts Reading a variety of genres. SATs preparation – reading ,comprehension and grammar, spelling and punctuation.
